

Greene Ink Creative

For years, Greene Ink Creative (GIC) has been providing image consulting and post production video services. As a recognized specialist in the field, GIC takes pride in producing results designed to meet and exceed the specific goals and target markets of each individual client.

Clients are always looking to partner with an organization that delivers on the expectations it sets. If you are one such client in search of a company that will deliver results, look no further. Whether on location or in the studio, our highly skilled and professional team will guide you through the development process from concept to reality.

Design & Print

From basic concept to completion, GIC provides high end graphic design with low cost print and manufacturing solutions for a wide variety of clients. GIC is your number one source for all of your graphic design needs including but not limited to corporate identity, product branding and logo development.

GIC provides excellent custom designs and quality printing solutions for promotions or retail. Our designers committed to providing merchandise for print or promotions for your brand. Our mission is to provide the very best custom design that will allow our clients to stand out in a crowd of identical competition. Contact GIC today to inquire about our graphic design and low cost printing services.

Management

While Greene Ink Creative, LLC does not provide exclusive booking management opportunities for clients looking to expand their sources of revenue, We do partner with agents to produce materials needed to effect your vision.

The key to our successful track record is our dedication to customer service and the strong alliance we build with our clientele. We take a personal interest in getting to know every one of our clients so we can address their specific needs in a professional, timely manner.

Web development

At Greene Ink Creative, LLC, we are dedicated to providing our clients with the highest quality websites and the most professional service possible. Our website designers and coding experts can bring your vision to life. Whether you are a business, music artist, model, actor or entertainer, a quality website delivers a reliable source of revenue for your business.

Greene Ink Creative

With years of industry experience and up to the minute technology, our team can put together stunning sites that will help your brand be successful. What is far more valuable is the confidence and peace of mind that come from knowing everything has been covered...right down to the smallest detail. GIC's website design professionals provide cutting-edge websites with style that deliver excitement while providing our client with an affordable and reliable source to promote their business.
